

Decades of Improvement

Kitchen designed by Chelle Design Group Ltd. in Libertyville

Cost: Under \$85,000

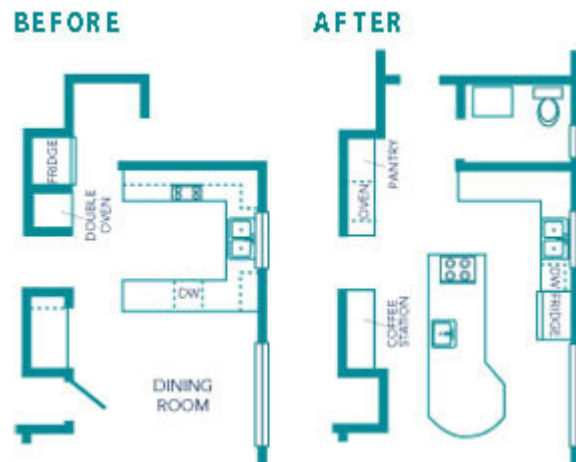

The Mission

Update this '80s-style Libertyville kitchen to a modern, functional space perfect for entertaining and family gatherings.

The Design

Preparing family meals together and entertaining friends inspired the designers of this kitchen to install two sinks -- a double-bowl, stainless steel sink near the window, and a second stainless steel sink in the uniquely shaped island. To highlight the Lava Cork flooring, the designers installed two champagne and white flame-glass pendant lights.

Materials

- Lava Cork Flooring from Eco-Friendly Flooring, www.ecofriendlyflooring.com
